Vinay05kumar

Bangalore, India

ABOUT ME

Data Analyst and Computer Science undergraduate with strong expertise in Python, machine learning, and data analytics. Experienced in developing real-time computer vision systems, building intelligent data-driven applications, and performing end-to-end data analysis using SQL, Power BI, and Excel. Passionate about transforming raw data into actionable insights and scalable solutions. Driven by continuous learning and innovation, I actively explore emerging technologies in artificial intelligence, data science, and automation. I bring a strong analytical mindset combined with hands-on technical execution to solve real-world problems efficiently.

EXPERIENCE

Data Analyst Trainee

TNS Foundation

2024

- Trained in data collection, data cleaning, exploratory data analysis, and visualization.
- Worked with Python, SQL, Excel, and Power BI on real-world datasets.
- Built dashboards and analytical reports for business decision-making.
- Developed strong understanding of analytics workflows and reporting techniques.

Web Development Intern

Plasmid / Intrainz

2023

Bangalore

- Completed industrial training in full-stack web development.
- Worked in team-based projects using real-world development practices.
- Improved problem-solving, debugging, and collaboration skills.

PROJECTS

Fall Detection System

Machine Learning & OpenCV

- Designed a real-time fall detection system using computer vision and machine learning.
- Used OpenCV to analyze live video streams and detect abnormal motion patterns.

EDUCATION

B.E. Computer Science Engineer

Nagarjuna College Of Engineering & Technology

2026

Bangalore

Completed my B.E Computer Science Engineering with a **CGPA of 8.28**.

PUC (PCMB)

BEST College

2022

Bangalore

Finished my education with a **CGPA: 8.26**

SSLC (CBSE)

Vidyaniketan School

2020

Bangalore

Finished my education with a **CGPA: 7.89**

CERTIFICATIONS

- NPTEL – Java Programming
- NPTEL – Cloud Computing
- Tata GenAI Powered Data Analytics
- Deloitte Australia – Data Analytics (Forage)
- Deloitte Australia – Technology Virtual Experience

TECHNICAL SKILLS

- Languages:** Python, Java, MySQL
- Data Analytics:** SQL, Power BI, MS Excel, Data Cleaning, Data Visualization
- Machine Learning:** CNN, NLP, Computer Vision
- Tools:** Jupyter Notebook, VS Code, SQL Workbench
- Frameworks:** OpenCV, MediaPipe, gTTS

STRENGTHS

- Analytical Thinking:** Strong ability to interpret data, identify trends, and derive actionable insights.
- Problem Solving:** Skilled in breaking down complex problems and designing efficient technical solutions.

- Implemented automated alert mechanisms to notify caregivers during emergency events.

Image Caption Generator with Audio

Deep Learning, CNN, NLP

- Built a deep learning pipeline to generate captions from images using CNN and NLP models.
- Integrated Google Text-to-Speech (gTTS) to convert generated captions into audio for accessibility.
- Enabled visually impaired users to understand image content through speech output.

Rock, Paper, Scissors – Gesture Recognition Game

OpenCV, MediaPipe

- Developed a gesture-controlled game using real-time hand tracking.
- Replaced keyboard input with webcam-based gesture recognition.
- Implemented MediaPipe for accurate hand landmark detection.

DECLARATION

I hereby declare that the information provided above is true, accurate, and complete to the best of my knowledge and belief.

Vinay Kumar

- **Learning Agility:** Quick to grasp new tools, frameworks, and emerging technologies.
- **Attention to Detail:** High accuracy in data handling, model implementation, and reporting.
- **Team Collaboration:** Works effectively in team environments with clear communication and accountability.
- **Technical Adaptability:** Comfortable working across data analytics, machine learning, and software development domains.

EXTRA-CURRICULAR

- Sports: Football, Cricket
- Cultural Activities: Dance
- Event Management: Youvostava Fest
